

AML Doctor Discussion Guide

This resource includes useful tools that you can use to prep for doctor's visits.

My medications

Know the medicines you take

MEDICINE NAME	MEDICAL REASON	DOSE	TIME OF DAY	NAME OF DOCTOR

My healthcare appointments

Keep track of your visits with your healthcare team. Make a note of appointment dates, which members of your healthcare team you met with, and what you talked about.

When was your last visit?

What was your white blood cell count?

What was your red blood cell count?

Have you scheduled your next visit?

Yes No

Important questions to ask your healthcare provider

One of the best ways to learn about your treatment is to talk to your healthcare team. Speaking with your doctor or nurse can help make you feel more at ease and comfortable with your treatment. Some questions you may want to ask are:

- Why is my AML therapy right for me?
- What are the most important things I need to know about my AML therapy?
- What should I expect while taking my AML therapy?
- Are there side effects that I should watch out for?
- Are there things that I should not do while taking my AML therapy?
- How do I take my AML therapy? What if I miss a dose?
- Where and how do I get my AML therapy?
- How do I store and handle my AML therapy?
- How often should I come in for follow-up visits while taking my AML therapy?
- How long will it take for my AML therapy to start working? How will I know if it's working?
- How long will I stay on my AML therapy?
- Are there any medicines I can't take while I'm taking my AML therapy?
